2015 TECHNOLOGY exchange

OCTOBER 4-7
CLEVELAND OH

INTERNET®

NET+ SECURITY AND IDENTITY PORTFOLIO DEVELOPMENT WORKSHOP – DECK 3

Nick Lewis

Internet2 NET+ Program Manager, Security and Identity

Follow-up from morning:
Campus Expectations for the Cloud

- Any workloads not going to the cloud? Why?

- Any data types / security requirements not going to the cloud? Why?

Wrap-up and next steps

- Post-workshop feedback
- Post-workshop evaluation – feedback would be great!
- Cloud security workshop? If so, where? Security Professionals Conference? Global Summit?

Action Items

- Blog Posts
  - Summary of the workshop
  - Further documenting how information security is integrated into NET+
- Documentation to create

- <<MORE TO BE ADDED HERE AT END OF DAY>>

Questions/comments?

Thank you for your time!
